CONSULT OPTIONS & FEES

WHY THIS MATTERS

Keep behavior care in-house while getting rapid, evidence-based recommendations from our Behavior Service under **Dr. Hauser**. You remain the client's primary contact; we support you behind the scenes.

- Expand access for clients who cannot pursue referral
- Strengthen rDVM relationships with fast, practical plans
- Add a scalable revenue stream while maintaining quality control

HOW IT WORKS

- 1 Submit a case via our secure Google Form (patient details, presenting concern, relevant history; optional video + trainer background for full consults).
- 2 We review and respond in writing to you or Zoom by request.
- 3 You relay the plan to your client; we remain your behind-the-scenes partner.

***Note:** We work exclusively with rDVMs and shelters' staff veterinarians—no direct client communication. We invoice the rDVM; client billing for the service is at your discretion.*

SERVICE	WHAT'S INCLUDED	FEE
