24/7 EMERGENCY & CRITICAL CARE

Emergencies don't wait for regular office hours—and neither do we.

Our medical facility is open 24/7, 365 days a year to receive emergency and critical cases. Common emergencies we see include:

- Difficulty breathing or collapse
- Severe vomiting or diarrhea
- Trauma or injury (falls, bites, car accidents)
- Ingestion of toxins, foreign objects, or medications
- Seizures
- Sudden changes in behavior, pain, or mobility

While you're here, your pet receives:

- Continuous monitoring by our experienced nursing team
- Access to advanced diagnostics (Including in-house lab work and imaging)
- Coordination with our specialty services for ongoing care and follow-up

If possible, call on the way: **610-880-3534**

(This allows our team to prepare for your arrival)
